

Spectra Announces AtmosAir Solutions as Official Global Air Purification Technology Partner

Underscores their commitment to healthier and more sustainable indoor spaces

Wells Fargo Center

St. Charles Convention Center

Texas Hall of State

Oct 27, 2021, 13:15 ET

SPECTRA announces that AtmosAir Solutions has been appointed its official Global Air Purification Technology Partner.

SPECTRA manages over 330 top-tier clients across North America and worldwide, including stadiums, arenas, convention centers, performing arts centers, fairgrounds, and casinos. Spectra is an industry leader in hosting and entertainment, partnering with clients to create memorable experiences for millions of visitors every year. Spectra's unmatched blend of integrated services delivers incremental value for clients through several primary areas of expertise: Venue Management, Food Services & Hospitality, and Partnerships.

Spectra has already implemented AtmosAir's technology in several major venues including the Wells Fargo Center in Philadelphia; Saint Charles Convention Center in Missouri; and the African American Museum, the Hall of State, and Texas Discovery Gardens in Fair Park in Dallas.

"As a result of the pandemic, there is a major focus on cleaning and sanitization, and we quickly recognized that it's not just about high-touch surfaces," Michael Ahearn, Spectra's senior vice president of operations, said. "Air quality and purification is an important part of health and wellness, and we're proud to be partnering with AtmosAir to integrate this safety measure for our guests."

The AtmosAir-Singapore division of ProMedUSA Pte Ltd is your local authorized AtmosAir representative and dealer.
